

Bucks for Ducks

Help Support Lee Health
Regional Cancer Centers Mammography Fund

Donations for Large Floating Ducks
\$3.00 Each or 2 for \$5.00

Donations from this program will benefit our mammography fund to assist our less fortunate patients with detection of breast cancer

Honor or memorialize a loved one during Breast Cancer Awareness Month by participating in our “DUCKS for BUCKS” program. Donate your bucks for your very own pink duck, write a message on it and float it in the reflection pond at the Regional Cancer Center. It is your opportunity to honor your breast cancer hero. If you cannot come in person, a staff member from Breast Health Centers will be privileged to place your named duck in the reflection pond on your behalf. Donations from this program will benefit our mammography fund to assist our less fortunate patients with detection of breast cancer. Your duck will float for the entire month of October. Memorial gatherings will take place at the Regional Cancer Center’s reflection pond, October 30th at 12:30pm. Come join the fun and help save a life. You can purchase your ducks at Regional Cancer Center, Healthpark Commons Breast Center, Sanctuary Breast Center and the Surfside Breast Center. Contact Diana Hammock, Director Breast Health Centers @ diana.hammock@leehealth.org for additional information.
